Dear Ms Hall.,

Stanley CSS ("Sonitrol") has been the provider of intrusion alarms located in various City facilities to safeguard City employees, equipment and citizens for approximately 30 years. During this time, Sonitrol has developed a close working relationship with the Oklahoma City Police Department in responding to intrusion alarms. The security systems at these locations have been installed, monitored and maintained by Sonitrol. As you are aware, Stanley Convergent Security Solutions Inc. ("Stanley") purchased the assets of Sonitrol and the franchise rights to the Sonitrol products in November 2010.

Sonitrol had a Franchise Agreement with Sonitrol Franchise Corporation to provide Sonitrol Products in Oklahoma County and the surrounding counties of Canadian, Cleveland, McClain and Pottawatomie. Under the terms of this Franchise Agreement, the Franchisor agrees not to license another franchisee in this area. Stanley also purchased this Franchise Agreement and therefore, Stanley is the sole source of Sonitrol products and services for The City of Oklahoma City.

If you have any questions or need additional information, please give me a call at 817-235-4372. We appreciate your business.

Regards,

Steven Gonzales
