Subject: Regarding Case Number PUD-1896- Appeal

To Whom It May Concern,

Regarding:
Case No: PUD-1896
Applicant: Kelsey and Zachary McLain
Location: 13665 SE 59th St

As neighbors, we are strongly urging that the zoning board does NOT allow this acreage to be rezoned.

We bought our 10 acres, with the intent 'country living' and not having multiple neighbors. With how this land is mapped out (very long and narrow) they will only be able to use the front half acreage, which will result in us driving past 2 homes, just to get to ours.

We want to maintain the quiet nature of our area and placing multiple homes on the land directly next to us, will do nothing but disrupt it. On top of that- the McLains have bought land, built and sold, quite a few homes. That's the nature of being a homebuilder (which is their career/business). This is not a permanent home for them, like it is us. If they rezone and build- will they stop at just 2 homes? Or will they seek to put more homes on the acreage in the future? We are being told no, but their history proves otherwise.

We are not the only neighbors who feel this way. Infact- all of the surrounding neighbors are in agreeance with us but due to receiving this letter on 19 May 2022 and the appeal is due 20 May 2022- I don't think many will have time to mail or email their thoughts/concerns on the matter.

Please take all of our families into account when we tell you that we want our peace, our quiet, our privacy, our forever home. Not a future multiple home lot, with temporary owners.
