Re: Request for time extension on project SE-0044

This is a formal request for an extension of the time of completion in the contract. We are requesting an additional 30 days for the required waiting time to conduct the final deflection test.

Thank you for your consideration.

A handwritten signature in black ink, appearing to read 'Jimmy Jordan', is written over a printed name and title. The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Jimmy Jordan, President

Re: Request for time extension on project SE-0044

This is a formal request for an extension of the time of completion in the contract. Our work was delayed in installing the new piers secondary to an extended time of creek water levels being too high and waiting for it to dry up.

To complete this work, I am requesting an additional 21 days. Thank you for your consideration.

A handwritten signature in black ink, appearing to read 'John Jordan', is written over a light blue horizontal line.

John Jordan, Vice President
