David Holt
Mayor

**RFP OCWUT 01-22: RISK AND RESILIENCE ASSESSMENTS,
EMERGENCY RESPONSE PLAN, BUSINESS CONTINUITY PLAN**

ADDENDUM NO. 5

Issued: February 28, 2022

To: PROSPECTIVE PROPOSERS

From: Stephen M. Krausnick, Management Specialist

Through: Chris Browning, General Manager

Department: Utilities Department

The above reference specification was advertised in the Journal Record and released online through Periscope on November 24, 2021. The Oklahoma City Water Utilities Trust (OCWUT) has determined a need to issue an addendum to RFP OCWUT 01-22 to direct all possible proposers to download the excel file, named Proposal Form B from the Periscope system.

The following modifications are included in Addendum No. 5:

This Excel sheet, named Proposal Form B, includes Task and Milestones related to Risk and Resiliency Assessment, Emergency Response Planning, and Business Continuity Planning materials relevant to this RFP.

In the Periscope system, the Proposer must download the Excel form to fill in the requested information. Once the area(s) are filled in as requested in this RFP, the Proposer should save the file as an Excel file. Proposers can then upload this document, and all other requested materials in the Periscope system prior to the RFP deadline.

The area(s) that can be filled in by Proposers are cells F7 through M200. Otherwise, the cells in Proposal Form B have been locked so no unnecessary information can be added. Any alternative or altered copies will not be considered compliant with this RFP.

APPROVED

Chris Browning, General Manager
