

RESOLUTION AUTHORIZING THE PURCHASE OF VEHICLES FROM
STATE CONTRACT (S23-SW268035), ESTIMATED COST \$15,000,000,
DECEMBER 8, 2022 THROUGH DECEMBER 7, 2023.

WHEREAS, the City and Trusts have a continuing need to purchase vehicles which are available through a State contract; and

WHEREAS, due to the volume of vehicles purchased by the State of Oklahoma, as well as other government entities utilizing this contract, staff believes the best pricing can be obtained through the State contract; and

WHEREAS, procurement staff members work closely with the State of Oklahoma to ensure the City's needs can be met through this contract; and

WHEREAS, through this continued collaboration, electric vehicles are now available through the State contract for purchase; and

WHEREAS, in the past, when staff determined a need to bid vehicles separately from the State contract, it has been difficult to obtain bids from local automotive dealerships due to State contract pricing that is already offered to municipalities; and

WHEREAS, if a need should arise to purchase a vehicle which is not covered by the State contract, staff will write specifications and conduct a formal bidding process for the purchase; and

WHEREAS, the City is under no obligation to purchase from this contract; and

WHEREAS, all purchases are subject to future appropriations and the availability of funds; and

WHEREAS, there is a continuing need for the procurement of this equipment.

NOW, THEREFORE, BE IT RESOLVED by the Council of The City of Oklahoma City that they do hereby authorize the purchase of vehicles from State Contract (S23-SW268035), estimated cost \$15,000,000, December 8, 2022 through December 7, 2023.

ADOPTED by the Council and signed by the Mayor of The City of Oklahoma City this
22nd day of November, 2022.

ATTEST:

Amy K Simpson
CITY CLERK

David Holt
MAYOR

REVIEWED for form and legality.
