Dear Ms. Powers,

I am writing to protest the planned apartment complex at NW 43rd Street and North Francis Avenue – SPUD-1540. I've lived in this neighborhood for 50 years and an apartment complex like that does not belong. We have a quaint neighborhood that is maintained in good condition. It's a very attractive part of town, and we shouldn't change and harm that. The apartments would also increase traffic and parking on the street, which creates safety concerns.

Please don't let this type of project be approved. Packed in apartments like that belong in a different place, like downtown.

Sincerely,

A handwritten signature in dark ink that reads "Patricia Geer". The script is cursive and somewhat stylized, with the first name being more prominent.
