Subject: Rezoning in Douglas neighborhood

I strongly oppose the intent to build more multi family homes on large scale in our neighborhood.

The quaintness and size of our structures is a large part of its appeal.

The larger structures will visually engulf traditional homes. The denser housing will increase traffic and there can be a rodent problem associated with large dumpsters add to this eventually the majorly of apartments declines because they lack the pride of homeownership!

I have been a home owner in Douglas since 1996, I own several properties and pride myself on the care and quality of Douglas, I strongly oppose this and any large scale apartment applications Thank you
