Subject: Sidewalks Along Shartel Avenue

Dear Ms. Friddle:

Good morning. Thank you for your service to Oklahoma City. This message will favorably address the plan for sidewalks along Shartel Avenue that will provide a safe and attractive walkway from NW 50th Street to downtown Oklahoma City.

Shartel Avenue is a moderately busy street with cars, bicyclists, dog walkers, runners and walkers. The cars and bike riders have a designated area. The pedestrians (young, old, and in-between) need one too – a sidewalk!

I walk along Shartel Avenue every day for (1) exercise (I walk with a dedicated group of friends every morning), (2) visiting friends and family that live nearby, and (3) a quick trip to the Shartel Shopping Center (in particular the Shartel Café, CVS, and Don's Do Fitness). I would greatly appreciate sidewalks.

Thank you again for your dedication to assuring that Oklahoma City is safe, inviting and connected. I trust these sidewalks along Shartel Avenue will be constructed as planned.
