Re: Sidewalks – Shartel Ave.

Dear subcommittee member,

I am writing to express my appreciation for the important work that is being done to connect neighborhoods and all parts of our OKC community through building safe sidewalks. I am especially interested in the current effort to build safe sidewalks along N. Shartel Ave. to connect 50<sup>th</sup> Street to downtown.

I walk on Shartel in the Crown Heights neighborhood every day with friends for exercise. Shartel is a very popular and busy street for bicycles, pedestrians and children. I would really appreciate having a sidewalk along Shartel that is safe, dedicated to walking and does not compete with vehicular traffic.

Thank you again for your work in making sure that our city will be safer and more connected in the future.

Respectfully,

Lisa Matthews
