Katie/Angela

I would like to speak for approval of this item for new sidewalk along Shartel in Crown Heights

Our Neighborhood did an incredibly extensive public process on this issue and the plan presented by Engineers hired by the City expresses the results of this process.

I would urge the Commissioners to respect the process which the neighborhood spent countless hours implementing.

Neighbors who oppose the plan have already had their chance to heard. Their voices are valid but do not represent the consensus of the Crown Heights/Edgemere Heights Neighborhood Association.

Thanks

John M. Joyce, PE
