

MEMORANDUM

Council Agenda
Item No. IX. BL
6/21/2022

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Preliminary Engineering Report, Project PC-0808, Britton Old Town Street Enhancement Project, Britton Road from Western Avenue to Shartel Avenue; and authorizing preparation of final plans and specifications. Ward 2.

Location:

Britton Road from Western Avenue to Shartel Avenue

Background:

This project prioritizes safe pedestrian movement throughout the district by standardizing drive lane configuration and parking arrangements. Enhanced corner bumpouts, crosswalks, and signalization emphasizes pedestrian safety. A street resurfacing project in the same area will be combined with the street enhancement project to maximize the effectiveness of two budgets and to lessen prolonged construction impacts on the district. Design plans for this project will be completed in Fall 2022, and the start of construction will be established based on coordination with the district.

Consultant:

Atkins North America, Inc.

Estimated Cost:

PC-0808 \$1,621,080

Source of Funds:

Better Streets Safer City Sales Tax Fund, Better Streets Safer City Sales Tax Restricted, Public Works Department-Street Enhancements, PC-0808, Britton Old Town Street Enhancements, Other Capital, Non-Capital Construction in Progress (730-1790-3305005-STX17SS0012-OTHCP-52044007)

Review:

Planning

Recommendation: Report be approved and City Engineer be authorized to direct the consultant to prepare the plans and specifications.
