

MEMORANDUM

OCMFA Agenda
Item No. MFA. A
6/21/2022

The City of OKLAHOMA CITY

TO: Chairman and Trustees of the Oklahoma City Municipal Facilities Authority

FROM: Craig Freeman, City Manager/General Manager, OCMFA

Ordering Document with Oracle America, Inc. to continue the implementation of Oracle Fusion Base Cloud Services from State Contract (S22-SW2211011).

Background:

On April 26, 2022 (Item No. MFA.A.), the City Council approved an increase of funds totaling \$240,000 to State Contract (S22-SW2211011) and an Ordering Document for the purchase of Oracle's Cloud Fusion Financials for the Human Capital Management and Enterprise Resource Planning (ERP) System. There was a critical line item that was inadvertently left out of the Ordering Document.

The attached Ordering Document incorporates Universal Credits which will allow data within the Oracle Fusion Base Cloud Services to calculate Key Performance Indicators (KPI's) to gather Leading For Results measures. There is no additional cost for these services. The system is projected to go live in January 2023. The approval of this additional Ordering Document will allow the implementation to stay on the projected timeline.

Staff requests the Oklahoma City Municipal Facilities Authority approve the Ordering Document with Oracle America, Inc. to continue the implementation of Oracle Fusion Base Cloud Services from State Contract (S22-SW2211011).

Review:

Information Technology Department

Recommendation: Ordering Document be approved.
