

# MEMORANDUM

Council Agenda  
Item No. X. S  
9/27/2022

## The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Concurrence with the Oklahoma City Water Utilities Trust in adopting a Resolution ratifying the actions of the General Manager in declaring an emergency, waiving competitive bidding, and awarding a contract to Archer Western Construction, LLC, Project WE-0097, emergency water main repair, Draper Water Treatment Plant, \$448,002.14; ratifying issuance of an emergency work order; and approving the contract and bonds. Ward 4.

**Location:**

Draper Water Treatment Plant

**Purpose:**

To ratify the actions of the General Manager in declaring an emergency.

**Justification:**

The location of the water main break was adjacent to a current construction Project WT-0159 being completed in the area by the awarded contractor, Archer Western Construction, LLC.

**Background:**

A 48-inch water main break occurred in the vicinity of the current construction of new clearwells at Draper water treatment plant (Project WT-0159). Due to the nature of the main break and the availability of material, it was deemed beneficial to award the emergency directly to Archer Western Construction, LLC. The water main break needed to be repaired in a timely manner to restore service to the neighborhood and various businesses in the area. These repairs were beyond the immediate resources of the Line Maintenance Division; therefore, an emergency was declared.

The project estimated completion date is October 1, 2022. All subcontractors will be required to be paid at that time.

**Engineer:**

Carollo Engineers, Inc.

**Source of Funds:**

**Review:**

Utilities Department

**Recommendation:** Concur with the Oklahoma City Water Utilities Trust in adopting Resolution.
