

MEMORANDUM

Council Agenda
Item No. IX. L
9/27/2022

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Resolution authorizing the purchase of construction equipment from State Contract (S23-SW2380192), estimated cost \$1,000,000, October 25, 2022 through October 24, 2023.

Background:

The City and Trusts have a continuing need to purchase construction equipment which is available through a state contract. This contract consists of large equipment, such as wheel loaders, motor graders, backhoes, track excavators, and many other types of equipment used for construction applications.

When more than one unit is needed, multiple unit discounts are available from some of the contracted vendors. Purchases made from this contract will only be approved when it has been determined the established contract price offers the greatest cost savings to the City and Trusts. When cost savings cannot be obtained through the State's contract, departments will be required to develop specifications and follow the City's formal competitive bidding process.

The estimated cost for this contract is based on previous expenditures for this commodity. There is no obligation to purchase from this agreement. All purchases are subject to future appropriations and the availability of funds.

Vendor:

See attached vendor list

Estimated Cost:

\$1,000,000

Source of Funds:

Various funds and accounts

Review:

Finance Department

Recommendation: Resolution be adopted.
