

MEMORANDUM

Council Agenda
Item No. IX. F
8/29/2023

The City of OKLAHOMA CITY

TO: Mayor and City Council

FROM: Craig Freeman, City Manager

Resolution authorizing the sole source purchase of BEGA LED upgrade kits from BEGA North America (SS24-C246062), estimated cost \$175,000, September 10, 2023 through September 9, 2024.

Background:

On December 14, 2010 (Item No. VI.R. 1&2), the City Council approved an agreement with EMSCO Electrical Supply to provide BEGA Compact Metal Halide and LED streetlight fixtures for Project 180. Through 2017, approximately 700 BEGA streetlight fixtures have been installed Downtown. Over this period, technological advances have been made to the internal streetlight components, and as a result, compact metal halide fixtures can be upgraded to LED technology and early generation LED technology can be modernized. The City of Oklahoma City has been made aware of retrofit and upgrade kits for the BEGA streetlights and would like to continue upgrading existing equipment.

BEGA is the manufacturer and sole source provider for these fixtures. Staff requests sole source authority to purchase the proprietary kits from BEGA at an agreed upon price, and then have the kits installed by Public Works Traffic Operations staff.

Staff requests sole source authority for the purchase of BEGA LED upgrade kits from BEGA North America (SS24-C246062), estimated cost \$175,000, September 10, 2023 through September 9, 2024.

Estimated Cost:

\$175,000
